Explanatory Note

SCOPE

1. This index, prepared by the Documentation Services Division of the Dag Hammarskjöld Library at United Nations Headquarters, is intended to offer a bibliographical guide to the proceedings and documentation of the thirty-second year of the Security Council and of its committees or ad hoc committees that met during the year.

ARRANGEMENT

2. The index consists of the following parts:

(a) **Introduction**, including list of the Presidents and checklists of meetings of the Security Council and its committees.

(b) **Agenda**, with reference to the relevant subject headings used in part (c).

(c) **Subject index**. Subjects are arranged alphabetically, with reference to the documentation, discussion and disposition of each item.

(d) **Index to speeches**. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. Statements by Presidents of the Council are listed under Security Council: Presidents. Statements and speeches made by private individuals representing an organization to which a hearing was granted are listed under the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the office or department they represented.

(e) **Numerical list of documents**, arranged by document symbols. This list also contains information as to the republication of mimeographed documents in the printed Supplements to the **Official Records**.

(f) Voting chart of resolutions adopted by the Security Council. 1977 is provided as an annex. Voting is only given for resolutions which were adopted by the Council.

AVAILABILITY OF DOCUMENTS

3. All verbatim records of meetings of the Security Council appear first in provisional mimeographed form. They may be identified by their symbol, which consists of the series symbol, S/PV.-, followed by a number corresponding to that of the meeting, e.g., S/PV.1983 (see Introduction, under "Checklist of meetings"). Verbatim records of meetings are later printed as separate fascicles in the **Official Records**.

All documents of the Security Council are first issued in mimeographed form. A selected number of them are subsequently printed in the Supplements to the **Official Records**, where they are arranged chronologically in fascicles, each fascicle covering a quarterly period. Some special reports are issued individually as numbered Special Supplements. Resolutions adopted by the Security Council, first issued in mimeographed form, are later collected, along with decisions taken, in a separate volume of the Official Records of the year. After their republication in the Official Records, the provisional mimeographed documents are no longer available.

4. Printed documentation of this year of the Security Council may be obtained or purchased from authorized sales agents by requesting:

*Restricted distribution of meeting records*
1. The Council's practice is to adopt at each meeting, on the basis of a provisional agenda circulated in advance, the agenda for that particular meeting. At subsequent meetings an item may appear in its original form or with the addition of such sub-items as the Council may decide to include. An item once included in the agenda thereafter remains on the list of matters of which the Council is seized, until the Council agrees to its removal.

2. The agenda as adopted for each meeting in 1977 will be found in the Official Records of the Security Council, thirty-second year, S/PV.19B-2055. A chronological list of matters considered by, or brought to the attention of, the Council during 1977 appears below. A list of weekly summary statements of matters of which the Security Council is seized and on the stage reached in their consideration, submitted by the Secretary-General under rule 11 of the Provisional Rules of Procedure of the Security Council, appears in the Subject Index under the heading "Security Council: agenda summary statements".
