INTRODUCTION

The Security Council is the United Nations organ which has primary responsibility for the maintenance of international peace and security of the Charter of the United Nations. The Council, which is composed of 15 members, is so organized as to be able to function continuously.

The Index to Proceedings of the Security Council is a guide to the documentation and proceedings of the Security Council, and of its committees, ad hoc committees. The present issue covers the forty-first year (1986) of the Security Council and its one sub-body which met during this year. The Index is prepared by the Dag Hammarskjöld Library as one of the products of the United Nations Bibliographic Information System (UNBIS).

ARRANGEMENT OF THE INDEX

The Index consists of the following parts:

The Sessional Information provides a list of both members and officers and information on rules of procedure and resolutions and decisions.

The Checklist of Meetings is a list of the meetings of the Council and of its subsidiary bodies that met during the year.

The Agenda lists matters considered by and brought before the Council together with the headings under which these items are listed in the subject index.

The Subject Index provides topical access to Security Council documentation. It contains an alphabetical arrangement of agenda subjects and provides for each a list of documents submitted to the Council and indicates the meetings at which the items were considered and the action taken by the Council.

The Index to Speeches provides access to speeches that were made before the Security Council. The Index is subdivided into three sections: speeches by corporate name/countries, speaker and subject.

The List of Documents lists documents arranged by symbol.

Resolutions Adopted by the Security Council, 1986 lists the resolution number, the subject and the meeting and date when the resolution was adopted.

The Voting Chart indicates the voting for resolutions adopted by the Council.

DOCUMENTATION OF THE SECURITY COUNCIL

All documents of the Security Council are first issued in mimeographed form. A selected number of them are subsequently printed in the quarterly Supplements to the Official Records, where they are arranged chronologically. Some special reports are issued individually as numbered Special Supplements. Resolutions adopted by the Security Council, first issued in mimeographed form, are later collected along with decisions taken, in a separate volume of the Official Records of the year. After their republication in the Official Records, the provisional mimeographed documents are no longer available.

Double-symbol documents bearing both S/ and A/ symbols were submitted to both the Security Council and the General Assembly.

All verbatim records of meetings of the Security Council appear first in provisional mimeographed form. They may be identified by their symbol, which consists of the series corresponding to that of the meeting, e.g., S/PV.2724. Verbatim records of meetings are later printed as separate fascicles in the Official Records.

AGENDA

The Council's practice is to adopt at each meeting, on the basis of a provisional agenda circulated in advance, the agenda for that particular meeting. At subsequent meetings an item may appear in its original form or with the addition of such sub-items as the Council may decide to include. Once included in the agenda, an item remains on the list of matters of which the Council is seized, until the Council agrees to its removal.

The agenda as adopted for each meeting in 1986 will be found in the Official Records of the Security Council, forty-first year, S/PV.2640-2730. A chronological list of matters considered by, or brought to the attention of the Council during 1986 appears below. A list of weekly summary statements of matters of which the Security Council is seized and on the stage reached in their consideration, submitted by the Secretary-General under rule II of the Provisional Rules of Procedure of the Security Council, appears in the Subject Index under the heading "UN. SECURITY COUNCIL (1986)--AGENDA".
