## EXPLANATORY NOTE

1. This *Index to Proceedings* of the 21st session of the Economic and Social Council is intended to offer a bibliographical guide to the discussion and documentation of the meetings. Being a sessional index it does not include *ad hoc* committees meeting between sessions. Documents of standing committees which have met between sessions are, however, included. The index consists of the following parts :

### *Part A : Introduction*

This part includes check lists of meetings and a brief description of the composition of the Council and its committees.

### *Part B : Agenda*

The items on the agenda are listed in part B, with references to the relevant subject headings used in part C.

### *Part C : Subject index*

The subjects dealt with during the session are arranged alphabetically in the subject index. In this index will be found, under appropriate subject headings, references to the documentation, discussions, and to the disposition of each item. The agenda item number is indicated in parentheses following the subject heading. To facilitate the finding of statements made in general debate in plenary and committee meetings, names of delegations are noted in parentheses following the meeting number. They are also noted whenever references are made to a subject not scheduled as an agenda item.

### *Part D : Index to speeches*

Speeches by representatives are listed in part D. The remarks of the President of the Council and of chairmen of committees are normally not indexed. However, the speeches of chairmen or rapporteurs of committees are indexed when they present or explain the reports of their committees to the Council. The index is arranged in alphabetical order by country, organization or department of the United Nations Secretariat, subdivided by subject discussed and names of speakers, with the indication of the meeting at which the speech was made.

### *Part E : Numerical list of documents*

This is a list of the documents included in this index, arranged by document symbols.

## 2. *Official Records*

All the summary records of plenary and committee meetings of the Economic and Social Council first appear in mimeographed form. Summary records of plenary meetings are later printed as separate fascicles in the Official Records of the session, whereas summary records of committee meetings remain in mimeographed form. Of the other documents, some appear initially as printed Supplements to the Official Records—a fact always indicated in this index—but all the rest are first issued in mimeographed form. Most of them are subsequently printed in the Annexes to the Official Records, where they are grouped into fascicles according to agenda item numbers. The resolutions adopted by the Council, which are first issued in mimeographed form, are collected in the printed Supplement No. 1 to the Official Records of the session.

After their re-publication in the Official Records, the provisional documents described above are no longer available in their mimeographed form.

The printed material concerning a specific item on the agenda of the 21st session of the Economic and Social Council may easily be obtained after consulting this index and requesting :
