# INTRODUCTION

The Economic and Social Council, under the authority of the General Assembly, is the United Nations organ which coordinates the economic and social work of the United Nations and its system of organizations. The Council has 54 members and generally holds the following sessions each year: a short organizational session in New York in January; the first regular session in New York in May; the second regular session in Geneva in July; and a resumed second regular session in New York in the fall on dates to be agreed upon. Throughout the year, there are meetings of the Council's committees, commissions and other subsidiary bodies.

The Index to the Proceedings of the Economic and Social Council is an annual bibliographic guide to the proceedings and documentation of the Economic and Social Council. This issue covers the year of 1982, which includes the documentation of the organizational, first regular, and second regular and resumed second regular sessions, and of the sessional or ad hoc committees or other bodies that met during these sessions. The Index is prepared by the Dag Hammarskjöld Library as one of the products of the United Nations Bibliographic Information System.

## THE ARRANGEMENT OF THIS INDEX

The Index consists of the following parts:

Introduction includes information on the documents of the Economic and Social Council and how they may be obtained.

Abbreviations lists the abbreviations used throughout the publication.

The Economic and Social Council, 1982 includes lists of the members and terms of office, officers and information on the rules of procedure and resolutions and decisions of the Economic and Social Council.

The Index is then divided into three parts, one for each session which met during the year. Each part is subdivided as follows:

Meetings contains checklists of meetings of the Economic and Social Council and its sessional committees.

Agenda lists matters considered by and brought before the Council and the subject headings under which these items are listed in the Subject Index.

Subject Index provides topical access to Economic and Social Council documentation. It contains an alphabetical arrangement of subjects listed in the agenda, as well as a list of documents considered under each item, at which meetings the items were considered, and, where applicable, action taken by the Council.

Index to Speeches gives access to speeches that were made before the Council. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. The speeches of chairmen and rapporteurs of committees are included when they presented or explained the reports of their committees to the Council. Statements and speeches made by individuals representing an organization to which a hearing was granted are listed under

the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the office or department they represented.

Annex gives numerical lists of Council sessional documents issued for the year 1982, of other documents considered by the Council, and of supplements for the year.

## SERIES SYMBOL

In 1978 certain modifications were introduced in the citation and series symbol of the documents of the Economic and Social Council and its sessional committees. They are as follows:

(1) The sessions of the Council are formally identified as the organizational, first regular and second regular sessions of a particular calendar year, as prescribed in rule 1 of the rules of procedure of the Council.

(2) Special sessions, including subject-oriented sessions are numbered consecutively within each year, and are identified as the first special session, (year); second special session, (year); etc.

(3) Titles of the sessional committees of the Council are known as First Committee (formerly Economic Committee), Second Committee (formerly Social Committee), and Third Committee (formerly Policy and Programme Co-ordination Committee).

(4) Ad Hoc sessional committees may be set up as required; these are described as ad hoc sessional committees on particular subjects.

(5) Resolutions and decisions are numbered on a yearly basis; resolutions begin each year with 1 and decisions start with 100, and are identified as resolution 1982/1, decision 1982/100, etc.

(6) Supplements to the Official Records are numbered consecutively, with Supplements No. I, IA and 1B containing the resolutions and decisions adopted during the year.

Symbols of documentation of the Council and its sessional and ad hoc committees or other bodies consists of combinations as appropriate, of the following elements:

(1) The parent body (i.e., the Economic and Social Council): E/-;

(2) The year of consideration;

(3) Sessional and ad hoc committees or other bodies: C.1, C.2; AC.1, AC.2; WG.1, WG.2; etc.

## DOCUMENTATION OF THE ECONOMIC AND SOCIAL COUNCIL

Summary records of plenary meetings of the Economic and Social Council are first issued in provisional mimeographed form for limited distribution. They are later combined in corrected form in a single printed volume of Official Records for the year.

## INTRODUCTION

In accordance with decision 1982/105, the Council decided to discontinue, for an experimental period of two years, the provision of summary records for its sessional committees: First (Economic) Committee, Second (Social) Committee and Third (Programme and Co-ordination) Committee. Meeting records are, however, provided for the Sessional Working Group (of Governmental Experts) on the Implementation of the International Covenant on Economic, Social and Cultural Rights (E/1982/WG.1/SR.1-24). These summary records are issued for general distribution, with any corrections to be consolidated in a single corrigendum.

All summary records may be identified by their symbol, which consists of the series symbol followed by SR, and then a number which corresponds to the number of the meeting. The 5th plenary meeting, for example, is cited as E/1982/SR.5, while the record of the 10th meeting of the Sessional Working Group is cited as E/1982/WG.1/SR.10.

Of the other documents, a few appear as printed Supplements to the Official Records (and are so indicated in this index); the rest are issued only in mimeographed form. Resolutions and decisions adopted by the Economic and Social Council each year are collected in printed Supplement No. 1 plus addenda as Supplement No. 1A, 1B, etc. to the Official Records of that year.
