## INTRODUCTION

The Economic and Social Council, under the authority of the General Assembly, is the United Nations organ which coordinates the economic and social work of the United Nations and its system of organizations. The Council has 54 members and until 1991 held the following sessions each year: a short organizational session in New York in January, the first regular session in New York in May, the second regular session in Geneva in July. The rules of procedure of the Council were amended by resolution 1992/2 and from 1992 on, the Council normally holds an organizational session in February in New York and one substantive session, with one "high-level segment" a year; the substantive session takes place in alternate years in New York and Geneva between May and July. Throughout the year there are meetings of the Council's committees, commissions and other subsidiary bodies.

The *Index to Proceedings of the Economic and Social Council* is an annual bibliographic guide to the proceedings and documentation of the Economic and Social Council. This issue covers the year 2002, which includes the documentation of the organizational and the substantive sessions. The *Index* is prepared by the Dag Hammarskjöld Library, Department of Public Information, as one of the products of the United Nations Bibliographic Information System (UNBIS).

### ARRANGEMENT OF THE INDEX

The *Index* consists of three sections.

The first section contains information relating to organizational matters:

**Sessional information**, listing member States and their terms of office as well as the officers of the Council and providing information on rules of procedure and resolutions and decisions;

**Subsidiary bodies and organs and programmes** related to the Economic and Social Council to which members were elected or appointed during the 2002 sessions of the Council, listing the members and terms of office.

The second section consists of two parts, one for each session which met during the year. Each part is subdivided as follows:

**Check-list of meetings**, listing the meetings of the Economic and Social Council and its sessional committees;

**Agenda**, listing matters considered by and brought before the Council and the subject headings under which these items appear in the Subject index;

**Subject index**, providing topical access to Economic and Social Council documentation arranged alphabetically by subject and listing documents considered under each item, meetings at which the items were considered and the action taken by the Council;

**Index to speeches**, providing access to speeches that were made before the Council. The Index is divided into three sections: corporate names/countries, speakers and subjects.

The third section contains consolidated information relating to resolutions, documents and reports:

**List of resolutions**, listing resolutions adopted by the Council and indicating for each session the resolution number, the subject and the meeting and date when the resolution was adopted;

**List of documents**, listing documents issued for the year 2002 and providing information on the republication of provisional documents in printed *Official Records*;

## SERIES SYMBOLS

In 1978 certain modifications were introduced in the citation and series symbols of the documents of the Economic and Social Council. They are as follows:

(a) The sessions of the Council are formally identified as the organizational and substantive sessions of a particular calendar year, as prescribed in rule 1 of the rules of procedure of the Council;

(b) Special sessions, including subject-oriented sessions, are numbered consecutively within each year, and are identified as the first special session (year), second special session (year), etc;

(c) Ad hoc sessional committees may be established as required and are described as ad hoc sessional committees on particular subjects;

(d) *Supplements* to the *Official Records* are numbered consecutively, with Supplements No. 1 and 1A containing the resolutions and decisions adopted during the year.

Symbols of documents of the Council and its ad hoc committees or other bodies consist of combinations as appropriate, of the following elements:

(a) The parent body (i.e. the Economic and Social Council): E/- ;

(b) The year of consideration;

## DOCUMENTATION OF THE ECONOMIC AND SOCIAL COUNCIL

Summary records of plenary meetings of the Economic and Social Council are first issued in provisional form for limited distribution. They are later combined in corrected form in a single printed volume of *Official Records* for the year.

All summary records may be identified by their symbol, which consists of the series symbol followed by SR. and then a number which corresponds to the number of the meeting. The 5th plenary meeting, for example, is cited as E/2002/SR.5.

Some documents may later be printed as *Supplements* to the *Official Records* (and are so indicated in this index); others are issued only in provisional form.

**E/RES/2002/23** (E/2002/INF/2/Add.2) Mainstreaming a gender perspective into all policies and programmes in the United Nations System.

Calls upon Member States to continue to mainstream a gender perspective into all activities at all levels; decides to intensify its efforts to ensure that gender mainstreaming is an integral part of all activities in its work and that of its subsidiary bodies, and therefore to give appropriate attention to gender perspectives and the particular obstacles that women face in all its segments and agenda items, both during discussions and in the drafting of outcomes; encourages its subsidiary bodies to increase their collaboration with the Commission on the Status of Women, and encourages the Commission to continue its efforts to highlight gender perspectives in the work of the Council and its other subsidiary bodies; invites its Bureau to consider progress made and obstacles encountered in gender mainstreaming, and encourages the President of the Council to consider enhanced coordination in the area of gender mainstreaming across the Council and its subsidiary bodies; underlines the importance of reports to intergovernmental bodies presenting issues and approaches in a gender-sensitive manner so as to give concrete and practical recommendations and serve as an analytical basis for those bodies to undertake gender-responsive policy formulation.
