Explanatory Note

SCOPE
1. This Index, prepared by the Documentation Division of the United Nations Headquarters Library, New York, is intended to offer a bibliographical guide to the proceedings and documentation of the 24th session of the General Assembly as well as of its committees or ad hoc committees which met during the session.

ARRANGEMENT
2. The Index consists of the following parts:
   (a) Introduction, including list of the Officers and check lists of meetings of the General Assembly and its committees;
   (b) Agenda, with reference to the relevant subject headings used in Part (c);
   (c) Subject index. Subjects are arranged alphabetically, with reference to the documentation, discussion, and disposition of each item. Agenda item numbers are indicated in parentheses following the subject headings. Names of delegations are noted in parentheses following the meeting number whenever statements are made on a subject not scheduled as an agenda item or on a subject referred to in the general debate in plenary meetings;
   (d) Index to speeches. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. Addresses of Heads of State are listed under the name of the country they represent, followed by their title and name. The remarks of the President of the General Assembly and of chairmen of committees are normally not indexed. The speeches of chairmen and rapporteurs of committees are included, however, when they presented or explained the reports of their committees to the General Assembly. Statements and speeches made by private individuals representing an organization to which a hearing was granted are listed under the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the Office or Department they represented;
   (e) Numerical list of documents, arranged by document symbol. This list also contains information as to the republication of mimeographed documents in the printed fascicles of Annexes to the Official Records.

AVAILABILITY OF DOCUMENTS
3. All summary and verbatim records of plenary and committee meetings of the General Assembly appear first in provisional mimeographed form. They may be identified by their symbol, which consists of the series symbol (e.g., A/., A/C.1/., or A/SPC/.) as indicated in the introduction (see Check lists of meetings), followed by SR or PV and an ordinal number corresponding to that of the meeting (e.g., A/PV.1753). Summary records of meetings are later printed as separate fascicles in the Official Records; verbatim records of meetings are issued only in mimeographed form.

Of the other documents, a few appear only as printed Supplements to the Official Records (a fact always noted in this Index), but the rest are first issued in mimeographed form. Most of them are subsequently printed in the Annexes to the Official Records, where they are grouped into fascicles according to agenda item number. The resolutions adopted by the General Assembly, first issued in mimeographed form, are collected in printed Supplement No. 30 to the Official Records of the 24th session. After their republication in the Official Records, the provisional mimeographed documents are no longer available.

4. Printed documentation of this session of the General Assembly may be obtained, or purchased from authorized sales agents, by requesting:
   General Assembly, Official Records, 24th session:
   Meeting . . . (specify plenary or committee meeting number) for summary records fascicles.
   Supplement . . . (specify supplement number) for documents initially issued in this form.
   Annexes, Agenda item . . . (specify agenda item number) for documents republished in the Annexes.

Discussion in Plenary: Meetings 1811, 1830, 1832

Draft resolution in A/7764, believing that a system
of generalized non-reciprocal and non-dis-
criminatory preferences will be a concrete
example of international action to promote
development and accelerate the economic
development of developing countries, and will
constitute a vital element of the strategy for
the Second United Nations Development De-
cade; welcoming the agreement of the devel-
oped market economy countries, members of
the United Nations Conference on Trade and
Development, to submit substantive documen-
tation to the Conference not later than 15 Nov
1969; and urging all States Members of that
organization to engage in constructive con-
sultations in the Special Committee on Pre-
ferences with a view to submitting a final re-
port, which will enable the Trade and Develop-
ment Board, at its special session, to ar-
rive at satisfactory solutions regarding the
arrangements, according to the time-table
agreed upon at the 9th session of the Board,
and to bear in mind the hope expressed by
many countries that the arrangements should
come into effect early in 1970, adopted unani-
ously at the 1811th meeting as resolution
2503 (XXIV)

Draft resolutions in A/7764/Add.1 adopted as fol-
lovs:
Draft resolution I, welcoming the agreement
reached within the Trade and Development
Board concerning specific measures to be
elaborated within the context of the
international development strategy; re-
questing the Board to consider, on the
basis, inter alia, of the report to be sub-
mitted by the group of experts the adop-
tion of practical measures for implemen-
tation of resolution 11 (II) of the United
Nations Conference on Trade and Develop-
ment; urging all States Members of the
United Nations, particularly the developed
countries, to make an active contribution
to the elaboration of those measures; and
further urging all Member States that were
invited to become parties to the 1965 Con-
vention on Transit Trade of Land-Locked
States that have not yet done so to inves-
tigate the possibilities of ratifying or ac-
ceding to that Convention and to make it
effective at the earliest possible date,

ing as resolution 2659 (XXIV)
TRADE AND DEVELOPMENT BOARD (continued)

Draft resolutions in A/7764/Add.1 adopted as follows (continued)
Draft resolution II, taking the note of the report of the Trade and Development Board for 1968/1969, requesting the Board to seek to resolve the issues referred to it by the United Nations Conference on Trade and Development at its 2nd session in the fields of commodities, manufactures and semi-manufactures, financing and invisibles, including the question of international legislation on shipping; further requesting the Board to accelerate the work already undertaken in the specific fields which determine the participation of the Conference in the international development strategy; suggesting to the Board that the 3rd session of the Conference should consider ways and means of implementing the measures agreed upon and seek new areas of agreement in the context of the Second United Nations Development Decade; urging the Secretary-General of the Conference to expedite his consultations with interested Governments with a view to reconvening the United Nations Cocoa Conference in order to conclude an international agreement on this commodity early in 1970; noting that some of the improvements introduced in the institutional machinery and methods of work of the Conference have been utilized to convene a special session of the Board on preferences and an intergovernmental group on trade expansion, economic co-operation and regional integration among developing countries; and considering that the Trade and Development Board, should keep the question of further improvements of the institutional machinery constant under review, adopted unanimously at the 1832nd meeting as resolution 2570 (XXIV)

A/7867 Report

** Action in Plenary (continued)**

Meetings 1830, 1832

Draft resolution in A/7867, expressing its concern that it has not been possible for the Preparatory Committee for the Second United Nations Development Decade to prepare a preliminary draft of the international development strategy as envisaged in General Assembly resolution 2411 (XXIII); noting, however, that it has been possible, inter alia, to agree: (a) That the five main components of the strategy should be a preambular declaration, a specification of objectives, policy measures to fulfill those objectives, review and appraisal of both objectives and policies, and mobilization of public opinion; (b) That the main objective of the Decade should be to promote sustained economic growth, especially in developing countries; (c) That there is a need for establishing a target for the over-all growth rate for gross product in real terms of the developing countries during the Decade; (d) That it is important to reach agreement on quantitative targets for a few major variables as well as to define certain broad social objectives; (e) That arrangements should be made to keep under systematic scrutiny the progress achieving the goals and objectives of the Decade, to identify shortfalls in their achievement and policies that are not consistent with the attainment of those objectives, and to recommend positive measures, including new goals and policies as needed; (f) That existing arrangements for the region and appraisal of the progress toward achieving goals and objectives of the Second Development Decade should be fully utilized, strengthened and complemented by new arrangements, involving both developed and developing countries; noticing with concern the lack of progress in reaching agreement on policy measures for the fulfillment of the objectives of the Decade; urging Governments to take political decisions for the adoption of such policy measures; recognizing that there is a need for the progressive integration of social and economic goals and policies in the formulation of the international development strategy; instructing the Preparatory Committee to finalize its work in accordance with the timetable laid down in resolution 2411 (XXIII) and, at its forthcoming sessions, to concentrate particularly on objectives and policy measures; endorsing the decision of the Trade and Development Board, to complete the contribution of the United Nations Conference on Trade and Development to the Decade so as to enable the Preparatory Committee to complete its work in these areas as well as to make progress in other areas; calling upon all other organizations of the United Nations system to make available, as soon as possible, their contributions to the strategy, so as to enable the Preparatory Committee to consider them at its 5th session; drawing the attention of the Governments and the organizations concerned to the recommendations made by the Committee for Development Planning in its reports on its 4th and 5th sessions; and considering that the procedures for the proclamation of the Second Development Decade should be so devised as to ensure the maximum possible impact on world public opinion in support of the objectives and policies for the Decade, adopted (25-0-11) at the 182nd meeting as resolution 2571 (XXIV)
