SCOPE
1. This index, prepared by the Documentation Services Division of the Dag Hammarskjold Library at United Nations Headquarters, is intended to offer a bibliographical guide to the proceedings and documentation of the twenty-eighth regular and of the sixth special sessions of the General Assembly and of its committees and ad hoc committees that met during the session.

ARRANGEMENT
2. The index consists of the following parts:
   (a) Introduction, including list of officers and check lists of meetings of the General Assembly and its committees;
   (b) Agenda, with reference to the relevant subject headings used in part (c);
   (c) Subject index. Subjects are arranged alphabetically, with reference to the documentation, discussion, and disposition of each item. Agenda item numbers are indicated in parentheses following the subject headings. Names of delegations are noted in parentheses following the meeting number whenever statements are made on a subject not scheduled as an agenda item or on a subject referred to in the general debate in plenary meetings;
   (d) Index to speeches. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. Addresses of Heads of State are listed under the name of the country they represent, followed by their title and name. The remarks of the President of the General Assembly and of chairmen of committees are normally not indexed. The speeches of chairmen and rapporteurs of committees are included, however, when they presented or explained the reports of their committees to the General Assembly. Statements and speeches made by private individuals representing an organization to which a hearing was granted are listed under the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the office or department they represented;
   (e) Numerical list of documents, arranged by document symbols. This list also contains information as to the republication of mimeographed documents in the printed fascicles of Annexes to the Official Records.

AVAILABILITY OF DOCUMENTS
3. All verbatim and summary records of plenary and committee meetings of the General Assembly appear first in provisional mimeographed form. They may be identified by their symbol, which consists of the series symbol (e.g., A/-, A/C.1/-) as indicated in the introduction (see Check List of meetings), followed by PV or SR and a number corresponding to that of the meeting (e.g., A/PV.2117). Verbatim and summary records of meetings are printed later in bound volumes in the Official Records. The final verbatim records are also made available as separate fascicles.

Of the other documents, a few appear only as printed Supplements to the Official Records (a fact always noted in this index); the rest are issued in mimeographed form; some of them, such as the reports of committees in various agenda items, are subsequently printed as fascicles in the Annexes to the Official Records. The resolutions adopted by the General Assembly, first issued in mimeographed form, are collected in printed Supplement No.30 to the Official Records of the twenty-eighth session. After their republication in the Official Records, the provisional mimeographed documents are no longer available.

4. Printed documentation of these sessions of the General Assembly may be obtained, or purchased from authorized sales agents, by requesting:

General Assembly, Official Records, twenty-eighth, or sixth special sessions:
Meeting ...(specify plenary or committee meeting number) for summary records fascicles.
Supplement No. ...(specify supplement number) for documents initially issued in this form.
