INTRODUCTION

The General Assembly, composed of all Member States, is the main deliberative organ of the United Nations, and has the right to discuss and make recommendations on all matters within the scope of the Charter. The General Assembly meets once a year in regular session; special and emergency sessions are called as the need arises.

The Index to Proceedings of the General Assembly is a bibliographic guide to the proceedings and documentation of the General Assembly. This issue covers the 40th session of the Assembly including its main and ad hoc committees. The Index is prepared by the Dag Hammarskjöld Library as one of the products of the United Nations Bibliographic Information System (UNBIS).

This volume of the Index includes the documents which were issued through 30 June 1986. Documents issued after this date will be included in an annex to the proceedings of the 41st session.

THE ARRANGEMENT OF THIS INDEX

The Index is issued in two parts. The first part consists of the following sections:

- Sessional Information provides a list of officers, rules of procedure and resolutions and decisions.

- Checklist of Meetings lists the plenary meetings of the Assembly and those of the main committees.

- Principal Organs and Subsidiary Bodies for which Members were Elected or Appointed During the General Assembly, 40th session lists members and term of office.

- Agenda lists matters considered by and brought before the General Assembly together with the agenda item headings under which they appear in the Subject Index.

- Subject Index provides topical access to General Assembly documentation. It contains an alphabetical arrangement of agenda subjects followed by a list of documents submitted to the Assembly, the meetings at which the items were considered and the action taken on each item.

List of documents lists documents arranged by symbol along with information regarding the republication of mimeographed documents in printed Supplements to Official Records.

Reports of the Main Committees lists by subject, the reports on the items discussed in the Committees.

Resolutions Adopted During the 40th session lists the resolution number, the title of the resolution, the meeting and date of the vote, the agenda item number and the vote.

Voting Chart of Resolutions Adopted by Recorded or Roll-Call Vote indicates the vote of each Member State.

The second part of the Index consists of the Index to Speeches, subdivided into three sections: speeches by corporate names/countries, speaker and subject.

DOCUMENTATION OF THE GENERAL ASSEMBLY

The symbols of all documents of the General Assembly begin with A/-, followed by the session number and an indication of the type of document or main committee to which it applies. The number following indicates the number of the document issued in that specific series. For example: A/40/62 is the sixty-second in the series of main documents of the 40th session; A/INF/40/6 is the sixth in the series of documents in the Information series; A/C.5/40/L.20 is the twentieth in the series of limited distribution documents of the 5th Committee.

In the series of main documents of the General Assembly's 40th session, the symbols A/40/1 to A/40/53 are the Supplements to the Official Records of the General Assembly for that session.

Meeting records are numbered in a similar way. Thus the 1st plenary meeting of the 40th session of the General Assembly bears the symbol A/40/PV.1, while the fifteenth meeting of the Third Committee bears the symbol A/C.3/40/SR.15.
In accordance with criteria approved by the General Assembly for the provision of meeting records of United Nations bodies, the verbatim records of the First Committee and the summary records of the other main committees of the General Assembly are issued in only one form (as Official Records of the General Assembly), and cover all discussions, whether substantive or procedural. Corrections to these meeting records are included in one Sessional Fascicle for each of the main committees, covering all meetings. The verbatim records of the plenary meetings are issued initially in provisional mimeographed form for limited distribution, and later for general distribution in corrected printed form as Official Records.

Of the other documents, a few appear as printed Supplements to the Official Records (a fact always noted in this Index), and the rest are issued in mimeographed form. Some of these, such as the reports of committees on various agenda items, are subsequently printed in Annexes to the Official Records. Resolutions adopted by the General Assembly, first issued in mimeographed form, are collected in printed Supplements to the Official Records of each session. After their republication in the Official Records, provisional mimeographed documents are no longer available. Some double symbol documents (issued with both A/ and S/ symbols) are republished only in the Supplements to the Official Records of the Security Council.

A/RES/40/94A Conventional disarmament on a regional scale
Urges Governments to consider and adopt appropriate measures at the regional level with a view to strengthening peace and security at a lower level of forces, through the limitation and reduction of armed forces and conventional weapons, under strict and effective international control, taking into account the need of States to protect their security, bearing in mind the inherent right of self-defence; reaffirms the primary responsibility of the militarily significant States, especially the nuclear-weapon States, for halting and reversing the arms race (adopted 128-0-8).

A/RES/40/94B Nuclear-weapon freeze
Reaffirms its appeal to all nuclear-weapon States to freeze, from a specific date, their nuclear arsenals on a global scale and under appropriate verification as a first step to their reduction with the view to their complete elimination; urges once again the USSR and the United States, which possess the largest nuclear arsenals, to freeze, in the first place and simultaneously, their nuclear weapons on a bilateral basis by way of example to the other nuclear-weapon States (adopted 120-17-10).

Expresses the conviction that a better flow of objective information on military capabilities could help relieve international tension and contribute to the building of confidence among States on a global, regional or subregional level and to the conclusion of concrete disarmament agreements; urges all States to consider implementing additional measures based on the principles of openness and transparency such as, for example, the international system for the standardized reporting of military expenditures, with the aim of facilitating the availability of objective information on, as well as objective assessment of, military capabilities; invites all Member States to communicate to the Secretary-General before 30 April 1986 the measures they have adopted to contribute to greater openness in military matters (107-13-16).

A/RES/40/94D Compliance with arms limitation and reduction agreements.
Urges all States parties to arms limitation and reduction agreements to implement and comply with the entirety of the provisions subscribed to, calls upon all Member States to give serious consideration to the implications of non-compliance with those obligations for international security and stability, as well as for the prospects for further progress in the field of disarmament, (adopted without a vote).

A/RES/40/94F Disarmament and the maintenance of international peace and security.
Declares the urgent need for effective measures to ensure achievement of the principles and priorities for disarmament as agreed upon by the Genera1 Assembly at its 10th special session, with the goal of implementing the provisions of the Charter of the UN, to undertake measures specifically designed to build confidence, to exercise their responsibilities regarding disarmament and arms limitation in good faith (adopted 99-0-53).

The resolution is divided in separate parts: A/RES/40/249 I-III (part I adopted (31-1-17) and the resolution as a whole was adopted without vote). - Approves the draft conference calendar and meetings of the UN for the biennium 1986-1987 as submitted by the Committee on Conferences: and authorizes the Committee to make any necessary adjustments in the calendar for this biennium as a result of actions and decisions taken by the General Assembly at its 40th session: reaffirms that UN bodies shall meet at their respective established headquarters, with some exceptions; authorizes UN bodies to hold sessions on the territory of a Government that has agreed to defray the actual additional costs directly or indirectly involved; requests all its subsidiary organs to complete their reports no later than 1 Sept.; requests the Secretary-General to ensure the most rational and effective use of all UN conference centers and facilities and to review the composition and frequency of planning missions for meetings and conferences held away from headquarters, in particular those sent to cities where UN conference facilities already exist; decides that the Committee on Conferences should review the question of the provision of summary records at its substantive session in 1986, and that the present arrangements for summary records should remain in effect until the Assembly, upon the recommendation of the Committee on Conferences, takes further action (adopted without vote).

UN--FINANCIAL CRISIS (AGENDA ITEM 150)

Reports

General documents
A/40/247 Note requesting the inclusion of an additional item entitled "Current financial crisis at the UN" in the agenda of the 5th Committee (A/40/1111) adopted without vote: decision 40/471.
A/40/PV.132 (1) + Corr.1 At the 132nd meeting, 9 May 1986, the President of the Assembly made a statement giving his impression of the situation following the consideration of the item. He indicated that following extensive consultations with all groups and the Secretary-General, he believed that a consensus could be reached based on the following: (1) the suggestion that the 41st session of the General Assembly be curtailed by 3 weeks would depend on how the work of the session is organized and also on the prevailing financial situation. It was noted that the Economic and Social Council had already acted to reduce the length of its current session and together with the Trusteeship Council would make appropriate decisions in organizing their work. (2) That if the 41st session, after opening on 16 Sept., were to be adjourned until the following Monday, the special session on Namibia could be held in that period thereby avoiding additional travel costs. (3) that the Secretary-General will review the other items in his report in the light of the evolving financial situation and report to the 41st session; that no project or programme for which funding is available would be eliminated; that the Secretary-General would call for the resumption of the 40th session if and when the situation requires such action; adopted without vote: decision 40/472.
The President urged all Members to remain up to date in payment of their assessments and asked for generous voluntary contributions to the Special Account.
A/40/PV.132 (2) + Corr.1 The Assembly then agreed that the Secretary-General proceed according to the proposals he had suggested in his report A/40/1102 and Corr.1, Add.1 + Corr.1, Add.2 and Corr.1, Add.3 in line with the comments of the President and the report of the 5th Committee (A/40/1111).
A/RES/40/244 [A] [Payment of assessed contributions].

Renews its appeal to all Member States to make their best efforts to overcome constraints to the prompt payment early each year of full assessed contributions and of advances to the Working Capital Fund; requests the Secretary-General to approach the Governments of Member States for the purpose of encouraging expeditious payment in full of assessed contributions; invites Member States also to provide information regarding their expected pattern of payments of Member States, the cash-flow situation and voluntary contributions received from Member States and other sources (adopted without vote).

A/RES/40/241[B] [Solutions to the UN financial difficulties].

Decides to accept the recommendation of the ACABQ that the provisions of regulations 4.3, 4.4 and 5.2 of the Financial Regulations of the UN be suspended in respect of regular budget surpluses arising at the end of the biennium 1984-1985; recommends that the Secretary-General continue to study various options to alleviate the financial difficulties of the Organization (adopted 132-12-2).

A/RES/40/242 issue of special postage stamps.

Decides to place one half of the revenue earned from the issue of special postage stamps on the social and economic crisis in Africa at the disposal of the Secretary-General for the implementation of objectives as detailed in the Declaration on the Critical Economic Situation in Africa and to place the remaining half in a special account; requests the Secretary-General to take all necessary steps to economize on the operational expenses of the project on the issue of special postage stamps with a view to increasing the net revenue and to submit a financial report to the Secretary-General at its 41st session; also requests the Secretary-General to explore the possibility of having recourse to other feasible revenue-producing activities that could be undertaken by the UN (adopted without vote).
