FORTIETH SESSION 1985/1986

PART I

## INTRODUCTION

The General Assembly, composed of all Member States, is the main deliberative organ of the United Nations, and has the right to discuss and make recommendations on all matters within the scope of the Charter. The General Assembly meets once a year in regular session; special and emergency sessions are called as the need arises.

The Index to Proceedings of the General Assembly is a bibliographic guide to the proceedings and documentation of the General Assembly. This issue covers the 40th session of the Assembly including its main and ad hoc committees. The Index is prepared by the Dag Hammarskjöld Library as one of the products of the United Nations Bibliographic Information System (UNBIS).

This volume of the Index includes the documents which were issued through 30 June 1986. Documents issued after this date will be included in an annex to the proceedings of the 41st session.

### THE ARRANGEMENT OF THIS INDEX

The Index is issued in two parts. The first part consists of the following sections:

Sessional Information provides a list of officers, rules of procedure and resolutions and decisions.

Checklist of Meetings lists the plenary meetings of the Assembly and those of the main committees.

Principal Organs and Subsidiary Bodies for which Members were Elected or Appointed During the General Assembly, 40th session lists members and term of office.

Agenda lists matters considered by and brought before the General Assembly together with the agenda item headings under which they appear in the Subject Index.

Subject Index provides topical access to General Assembly documentation. It contains an alphabetical arrangement of agenda subjects followed by a list of documents submitted to the Assembly, the meetings at which the items were considered and the action taken on each item.

List of documents lists documents arranged by symbol along with information regarding the republication of mimeographed documents in printed Supplements to Official Records.

Reports of the Main Committees lists by subject, the reports on the items discussed in the Committees.

Resolutions Adopted During the 40th session lists the resolution number, the title of the resolution, the meeting and date of the vote, the agenda item number and the vote.

Voting Chart of Resolutions Adopted by Recorded or Roll-Call Vote indicates the vote of each Member State.

The second part of the Index consists of the Index to Speeches, subdivided into three sections: speeches by corporate names/countries, speaker and subject.

### DOCUMENTATION OF THE GENERAL ASSEMBLY

The symbols of all documents of the General Assembly begin with A/-, followed by the session number and an indication of the type of document or main committee to which it applies. The number following indicates the number of the document issued in that specific series. For example: A/40/62 is the sixty-second in the series of main documents of the 40th session; A/INF/40/6 is the sixth in the series of documents in the Information series; A/C.5/40/L.20 is the twentieth in the series of limited distribution documents of the 5th Committee.

In the series of main documents of the General Assembly's 40th session, the symbols A/40/1 to A/40/53 are the Supplements to the Official Records of the General Assembly for that session.

Meeting records are numbered in a similar way. Thus the 1st plenary meeting of the 40th session of the General Assembly bears the symbol A/40/PV.1, while the fifteenth meeting of the Third Committee bears the symbol A/C.3/40/SR.15.

## HOW TO OBTAIN DOCUMENTS

In accordance with criteria approved by the General Assembly for the provision of meeting records of United Nations bodies, the verbatim records of the First Committee and the summary records of the other main committees of the General Assembly are issued in only one form (Official Records of the General Assembly), and cover all discussions, whether substantive or procedural. Corrections to these meeting records are included in one Sessional Fascicle for each of the main committees, covering all meetings. The verbatim records of the plenary meetings are issued initially in provisional mimeographed form for limited distribution, and later for general distribution in corrected printed form as Official Records.

Of the other documents, a few appear as printed Supplements to the Official Records (a fact always noted in this index), and the rest are issued in mimeographed form. Some of these, such as the reports of committees on various agenda items, are subsequently printed in Annexes to the Official Records. Resolutions adopted by the General Assembly, first issued in mimeographed form, are collected in printed Supplements to the Official Records of each session. After their republication in the Official Records, provisional mimeographed documents are no longer available. Some double symbol documents (issued with both A/- and S/- symbols) are republished only in the Supplements to the Official Records of the Security Council.

Printed documentation of each session of the General Assembly may be obtained or purchased from authorized sales agents by providing the following information:

General Assembly, Official Records, fortieth session:

Meeting ... (specify plenary or committee meeting number) for summary or verbatim record fascicles.

Supplement No. ... (specify supplement number) for documents issued in this form.

Annexes, Agenda Item ... (specify agenda item number) for documents republished in the Annexes.

Resolutions

A/RES/40/94 General and complete disarmament.

The resolution is divided into separate parts, A/RES/40/94 A-D: 94B NUCLEAR WEAPON FREE ZONES--RESEARCH; 94C CONVENTIONAL WEAPONS--DISARMAMENT; 94D RADIOLOGICAL WEAPONS; 94E INTERNATIONAL SECURITY--RESEARCH; 94F NAVAL ARMAMENTS--ARMS RACE; 94G FISSIONABLE MATERIALS; 94I NAVAL ARMAMENTS--ARMS LIMITATION; 94J SEA-BED--ARMS RACE; 94O DISARMAMENT--UN.

A/RES/40/94[A] Conventional disarmament on a regional scale.

Urges Governments to consider and adopt appropriate measures at the regional level with a view to strengthening peace and security at a lower level of forces, through the limitation and reduction of armed forces and conventional weapons, under strict and effective international control, taking into account the need of States to protect their security, bearing in mind the inherent right of self-defence; reaffirms the primary responsibility of the militarily significant States, especially the nuclear-weapon States, for halting and reversing the arms race (adopted 128-0-8).

A/RES/40/94[H] Nuclear-weapon freeze.

Reaffirms its appeal to all nuclear-weapon States to freeze, from a specific date, their nuclear arsenals on a global scale and under appropriate verification as a first step to their reduction with the view to their complete elimination; urges once again the USSR and the United States, which possess the largest nuclear arsenals, to freeze, in the first place and simultaneously, their nuclear weapons on a bilateral basis by way of example to the other nuclear-weapon States (adopted 120-17-10).

A/RES/40/94[K] Objective information on military matters.

Expresses the conviction that a better flow of objective information on military capabilities could help relieve international tension and contribute to the building of confidence among States on a global, regional or subregional level and to the conclusion of concrete disarmament agreements; urges all States to consider implementing additional measures based on the principles of openness and transparency such as, for example, the international system for the standardized reporting of military expenditures, with the aim of facilitating the availability of objective information on, as well as objective assessment of, military capabilities; invites all Member States to communicate to the Secretary-General before 30 April 1986 the measures they have adopted to contribute to greater openness in military matters (107-13-16).

A/RES/40/94[L] Compliance with arms limitation and disarmament agreements.

Urges all States parties to arms limitation and disarmament agreements to implement and comply with the entirety of the provisions subscribed to; calls upon all Member States to give serious consideration to the implications of non-compliance with those obligations for international security and stability, as well as for the prospects for further progress in the field of disarmament, (adopted without vote).

A/RES/40/94[M] 3rd Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons.

Notes with satisfaction that on 21 Sept. 1985, the 3rd Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons adopted by consensus a Final Document (adopted 138-0-11).

A/RES/40/94[N] Disarmament and the maintenance of international peace and security.

Declares the urgent need for effective measures to ensure achievement of the principles and priorities for disarmament as agreed upon by consensus at the 10th special session of the General Assembly; calls all States to conduct their relations and to refrain from the use or threat of force in accordance with the provisions of the Charter of the UN, to undertake measures specifically designed to build confidence, to exercise their responsibilities regarding disarmament and arms limitation in good faith (adopted 99-0-53).

At the 131st meeting, 2 May 1986, the Assembly took note of the report of the 5th Committee (A/40/1111), adopted without vote: decision 40/471.

A/40/PV.132 (1) + Corr.1

At the 132nd meeting, 9 May 1986, the President of the Assembly made a statement giving his impression of the situation following the consideration of the item. He indicated that following extensive consultations with all groups and with the Secretary-General, he believed that a consensus could be reached based on the following: (1) the suggestion that the 41st session of the General Assembly be curtailed by 3 weeks would depend on how the work of the session is organized and also on the prevailing financial situation. It was noted that the Economic and Social Council had already acted to reduce the length of its current session and together with the Trusteeship Council would make appropriate decisions in organizing their work. (2) That if the 41st session, after opening on 16 Sept. were to be adjourned until the following Monday, the special session on Namibia could be held in that period thereby avoiding additional travel costs. (3) that the Secretary-General will review the other items in his report in the light of the evolving financial situation and report to the 41st session; that no project or programme for which funding is available would be eliminated; that the Secretary-General would call for the resumption of the 40th session if and when the situation requires such action, adopted without vote: decision 40/472

The President urged all Members to remain up to date in payment of their assessments and asked for generous voluntary contributions to the Special Account.

A/40/PV.132 (2) + Corr.1

The Assembly then agreed that the Secretary-General proceed according to the proposals he had suggested in his report (A/40/1102 and Corr.1-3, Add.1 and Corr.1, Add.2 and Corr.1, Add.3) in line with the comments of the President and the report of the 5th Committee (A/40/1111).

UN. ECONOMIC AND SOCIAL COUNCIL--REPORTS (1985)  
(AGENDA ITEM 12) (cont.)

A/RES/40/147 Question of enforced or involuntary disappearances.

Welcomes the decision of the Commission on Human Rights to extend for one year the term of the mandate of the Working Group on Enforced or Involuntary Disappearances, as well as to consider at its 42nd session the possibility of extending to two years the term of the mandate of the Working Group; appeals to all Governments to provide the Working Group and the Commission on Human Rights with the full co-operation warranted by their strictly humanitarian objectives and their working methods based on discretion; encourages the Governments concerned to consider with special attention the wish of the Working Group, when such a wish is expressed, to visit their countries, thus enabling the Group to fulfil its mandate even more effectively (adopted without vote).

A/RES/40/174 Co-operation between the UN and the Agency for Cultural and Technical Co-operation.

Requests the Secretary-General to submit an updated report on this question to the General Assembly, 41st session, through the Economic and Social Council at its 2nd regular session of 1986 (adopted without vote).
