# INTRODUCTION

The *Index to Proceedings of the General Assembly* is a bibliographic guide to the proceedings and documentation of the General Assembly. This issue covers the sixty-second session of the Assembly including its Main and ad hoc committees. The Index is prepared by the Dag Hammarskjöld Library, Department of Public Information, as one of the products of the United Nations Bibliographic Information System (UNBIS).

## DOCUMENTATION OF THE GENERAL ASSEMBLY

The symbols of the documents of the General Assembly begin with A/-, followed by the session number and an indication of the type of document or Main Committee to which they apply. The number following indicates the number of the document issued in that specific series.

For example: A/62/34 is the thirty-fourth in the series of main documents of the sixty-second session; A/INF/62/3 is the third in the information series; A/C.5/62/L.20 is the twentieth in the series of limited distribution documents of the Fifth Committee.

In the series of main documents of the General Assembly's sixty-second session, the symbols A/62/1 to A/62/54 are the *Supplements to the Official Records of the General Assembly* for that session.

Meeting records are numbered in a similar way. Thus the verbatim record of the first plenary meeting of the sixty-second session of the General Assembly bears the symbol A/62/PV.1, while the summary record of the fifteenth meeting of the Third Committee bears the symbol A/C.3/62/SR.15.

In accordance with criteria approved by the General Assembly for the provision of meeting records of United Nations bodies, the verbatim records of the plenary meetings and of the First Committee, as well as the summary records of the other Committees are issued in only one form, as *Official Records of the General Assembly*. Corrections are issued after the end of each session in consolidated corrigenda.

Of the other documents, a few appear as printed *Supplements to the Official Records* (this is noted in the index).

Resolutions adopted by the General Assembly, first issued separately, are collected in a printed *Supplement to the Official Records* of each session. After their republication in the *Official Records*, these provisional documents are no longer available.

Some double-symbol documents (issued with both A/- and S/- symbols) are republished only in the *Supplements to the Official Records of the Security Council*.

## **GLOBALIZATION (Agenda item 56a) (continued)**

### **Resolutions**

**A/RES/62/199** Role of the United Nations in promoting development in the context of globalization and interdependence.

Recognizes that some countries have successfully adapted to the changes and benefited from globalization, but that many others, especially the least developed countries, have remained marginalized in the globalizing world economy, and also that, as stated in the UN Millennium Declaration, the benefits are very unevenly shared while costs are unevenly distributed; underlines the fact that, in addressing the linkages between globalization and sustainable development, particular focus should be placed on identifying and implementing mutually reinforcing policies and practices that promote sustained economic growth, social development and environmental protection and that this requires efforts at both the national and international levels; reaffirms that each country has primary responsibility for its own development, that the role of national policies and development strategies cannot be overemphasized in the achievement of sustainable development and that national efforts should be complemented by supportive global programmes, measures and policies aimed at expanding the development opportunities of developing countries; acknowledges the need for continuing flexibility and special provisions for developing countries in the multilateral trading system; reaffirms the commitment to broaden and strengthen the participation of developing countries and countries with economies in transition in international economic decision-making and norm-setting, stresses, to that end, the importance of continuing efforts to reform the international financial architecture, noting that enhancing the voice and participation of developing countries and countries with economies in transition in the Bretton Woods institutions remains a continuous concern, and calls in this regard for further and effective progress. (Adopted without vote, 78th plenary meeting, 19 Dec. 2007)
