## EXPLANATORY NOTE

1. This *Index to Proceedings* covers the 9th regular session of the General Assembly. It is intended as a bibliographical guide to the discussion and documentation of the meetings. Being a sessional index, it includes only committees and sub-committees meeting during the session, and does not include committees meeting between sessions. The index consists of the following parts:

*Part A : Check list of meetings*

This part lists, in tabular form, meeting numbers, dates of meetings, publication of the records, and relevant United Nations press releases.

*Part B : Agenda*

The items on the agenda are listed in Part B, with references to the relevant subject headings used in Part C.

*Part C : Subject Index*

The subjects dealt with during the session are arranged alphabetically in the subject index. In this index will be found, under appropriate subject headings, references to the documentation, discussions, and to the disposition of each item. The agenda item number is indicated in parenthesis following the subject heading. To facilitate the finding of statements made in general debate in plenary and committee meetings, names of delegations are noted in parentheses following the meeting number. They are also noted whenever references are made to a subject not scheduled as an agenda item.

*Part D : Index to speeches*

Speeches by representatives are listed in Part D. The remarks of the President and of chairmen of committees are normally not indexed. However, the speeches of chairmen or rapporteurs of committees are indexed when they present or explain the reports of their committees. The index is arranged in alphabetical order by country, organization or department of the United Nations Secretariat, subdivided by subject discussed and names of speakers, with the indication of the meeting at which the speech was made.

*Part E : Numerical list of documents*

This is a list of the documents included in this index, arranged by document symbol.

### 2. *Official Records*

All the summary records of plenary and committee meetings of the General Assembly first appear in mimeographed form. Summary records of meetings are later printed as separate fascicles in the Official Records of the session. Of the other documents, some appear initially as printed Supplements to the Official Records—a fact always indicated in this index—but all the rest are first issued in mimeographed form. Most of them are subsequently printed in the Annexes to the Official Records, where they are grouped into fascicles according to agenda item numbers. The resolutions adopted by the Assembly, which are first issued in mimeographed form, are collected in the printed Supplement No. 21 to the Official Records of the session. After their republication in the Official Records, the provisional documents described above are no longer available in the mimeographed form.

The printed material concerning a specific item on the agenda of the 9th session of the General Assembly may easily be obtained after consulting this index and requesting:

*General Assembly Official Records, 9th Session*

*Meetings* (specify meeting number) for summary records fascicles.

*Supplement No. ...* (specify supplement number) for documents initially issued in this form.

*Annexes, Agenda Item ...* (specify agenda item number) for republishations of mimeographed documents.
