Explanatory Note

SCOPE

1. This Index, prepared by the Index Section of the Dag Hammarskjöld Library, United Nations, New York, is intended to offer a bibliographical guide to the proceedings and documentation of the 21st year of the Security Council as well as of its committees or *ad hoc* committees which met during the year.

ARRANGEMENT

2. The Index consists of the following parts:

(a) Introduction, including list of the Presidents and check lists of meetings of the Security Council and its committees.

(b) Agenda, with reference to the relevant subject headings used in Part (c).

(c) Subject index. Subjects are arranged alphabetically, with reference to the documentation, discussion, and disposition of each item.

(d) Index to speeches. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. The remarks of the President of the Security Council and of chairmen of committees are normally not indexed. The speeches of chairmen and rapporteurs of committees are included, however, when they presented or explained the reports of their committees to the Council. Statements and speeches made by private individuals representing an organization to which a hearing was granted are listed under the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the Office or Department they represented.

(e) Numerical list of documents, arranged by document symbols. This list also contains information as to the republication of mimeographed documents in the printed fascicles of Supplements to the Official Records.

AVAILABILITY OF DOCUMENTS

3. All verbatim records of meetings of the Security Council appear first in provisional mimeographed form. They may be identified by their symbol, which consists of the series symbol (e.g., S/-) as indicated in the introduction (*see* Check list of meetings), followed by PV and an ordinal number corresponding to that of the meeting (e.g., S/PV.1271). Verbatim records of meetings are later printed as separate fascicles in the Official Records. Committee meeting records are issued only in mimeographed form.

All documents of the Security Council are first issued in mimeographed form. A selected number of them are subsequently printed in the Supplements to the Official Records, where they are arranged chronologically in fascicles, each fascicle covering a quarterly period. Reports are issued individually as numbered Special Supplements. The resolutions and decisions adopted by the Security Council, first issued in mimeographed form, are later collected in a separate fascicle of the Official Records of the year. After their republication in the Official Records, the provisional mimeographed documents are no longer available.

4. Printed documentation of this year of the Security Council may be obtained (or purchased from authorized sales agents) by requesting:

Agenda

1. The Council's practice is to adopt at each meeting, on the basis of a provisional agenda circulated in advance, the agenda for that particular meeting. At subsequent meetings an item may appear in its original form or with the addition of such sub-items as the Council may decide to include. An item once included in the agenda thereafter remains on the list of matters of which the Council is seized, until the Council agrees to its removal.

2. The agenda as adopted for each meeting in 1966 will be found in the Official Records of the Security Council,

21st Year, Nos. 1271-1340. A chronological list of matters considered by, or brought to the attention of, the Council during 1966 appears below. A list of weekly summary statements of matters of which the Security Council is seized and on the stage reached in their consideration, submitted by the Secretary-General under Rule 11 of the Provisional Rules of Procedure, appears in the Subject Index under the heading "Security Council: agenda: summary statements".
