INTRODUCTION

The Security Council is the United Nations organ which has primary responsibility for the maintenance of international peace and security in accordance with the purposes and principles of the Charter of the United Nations. The Council, which is composed of 15 members, is so organized as to be able to function continuously.

The Index to Proceedings of the Security Council is an annual bibliographic guide to the documentation and proceedings of the Security Council, and of its commissions, committees and ad hoc committees. The present issue covers the thirty-seventh year (1982) of the Security Council and its two sub-bodies which met during this year. The Index is prepared by the Dag Hammarskjöld Library as one of the products of the United Nations Bibliographic Information System (UNBIS).

ARRANGEMENT OF THIS INDEX

The Index consists of the following parts:

The Introduction includes information on the documents of the Security Council and how they may be obtained.

The Security Council, 1982, includes lists of the members of the Security Council and their terms of office, the Presidents of the Council during the year and checklists of the meetings of the Council and of any of its subsidiary bodies that met during the year.

The Agenda contains a listing of the matters considered by and brought to the attention of the Security Council. It includes the subject headings under which these items are listed in the Subject Index.

The Subject Index provides topical access to Security Council documentation. It contains an alphabetical arrangement of subjects listed in the agenda, and provides for each a list of documents submitted to the Council, and, where applicable, information regarding meetings held and action taken by the Council.

The Index to Speeches section gives access to speeches that were made before the Council. Statements made by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the statement was made; statements made by Presidents of the Council are listed under the heading "Security Council: Presidents"; statements made by individuals representing an organization to which a hearing was granted are listed under the name of the organization; statements made by individuals with no affiliation are listed under the last name of the individual; statements made by officers of the United Nations Secretariat are listed under the name of the office or department they represent; statements made by officers of United Nations committees, agencies or other bodies are listed under the name of the committee, agency or body.

The Numerical List of Documents contains a listing of documents arranged by symbol and includes information regarding the republication of mimeographed documents in the printed Supplements to the Official Records.

The Annex is entitled "Voting Chart of Resolutions Adopted by Security Council, 1982" and indicates the voting for resolutions adopted by the Council. Subjects for which draft resolutions failed of adoption are listed in the Subject Index under the heading "Security Council: voting: veto".

DOCUMENTATION OF THE SECURITY COUNCIL

All documents of the Security Council are first issued in mimeographed form. A selected number of them are subsequently printed in the quarterly Supplements to the Official Records, where they are arranged chronologically. Some special reports are issued individually as numbered Special Supplements. Resolutions adopted by the Security Council, first issued in mimeographed form, are later collected along with decisions taken, in a separate volume of the Official Records of the year. After their republication in the Official Records, the provisional mimeographed documents are no longer available.

Double-symbol documents bearing both S/- and A/- symbols were submitted to both the Security Council and the General Assembly.

All verbatim records of meetings of the Security Council appear first in provisional mimeographed form. They may be identified by their symbol, which consists of the series symbol, S/PV.-, followed by a number corresponding to that of the meeting, e.g., S/PV.2322. Verbatim records of meetings are later printed as separate fascicles in the Official Records.

HOW TO OBTAIN DOCUMENTS

Printed documentation of this year of the Security Council may be obtained or purchased from authorized sales agents by providing the following information:

Official Records of the Security Council, Thirty-seventh Year:

AGENDA

The Council's practice is to adopt at each meeting, on the basis of a provisional agenda circulated in advance, the agenda for that particular meeting. At subsequent meetings an item may appear in its original form or with the addition of such sub-items as the Council may decide to include. An item once included in the agenda thereafter remains on the list of matters of which the Council is seized, until the Council agrees to its removal.

The agenda as adopted for each meeting in 1982 will be found in the Official Records of the Security Council, Thirty-seventh Year, S/PV.2322-2410. A chronological list

of matters considered by, or brought to the attention of, the Council during 1982 appears below. A list of weekly summary statements of matters of which the Security Council is seized and on the stage reached in their consideration, submitted by the Secretary-General under rule 11 of the Provisional Rules of Procedure of the Security Council, appears in the Subject Index under the heading "Security Council: agenda: summary statements".

The words which follow the title of each item and introduced by the word "See" indicate the subject heading under which the related documentation is listed in the Subject Index.
